Result 5: Successful Transition to Adulthood
27     5a: High School Graduation Rate
30     5b: A-G Rate Eligibility

The South Stockton Promise Zone was conceived out of the idea that collectively we—residents, government agencies, non-profits, philanthropic foundations, and churches—can create the community of promise that residents in South Stockton deserve. In 2014, I founded the Reinvent South Stockton Coalition in an attempt to catalyze the collective impact needed to improve the conditions in the community I grew up in. Over the past 2 years we have achieved many collective victories, but we have some ways to go to create the community that we deserve. To help South Stockton reach its full potential it’s going to take everyone doing their part to execute the strategy presented today, to engage, and to help implement. It won’t be easy and it will take time, but if we can open a health clinic, close down New Grand Save, and increase investment in South Stockton in 2 short years, the sky is the limit in terms of what we can accomplish together! I invite you to join us on this journey and to illustrate that there is both potential and promise in South Stockton!

Michael Tubbs
City of Stockton, Councilmember District 6
Reinvent South Stockton Coalition Founder
What is the purpose of the SSPZ?

- The South Stockton Promise Zone (SSPZ) is a public-private-non-profit collaborative initiative which aims to “empower residents to transform their community—to affect the root causes of intergenerational poverty through improvements in safety, education, housing, job creation, economic development, and health.”

- SSPZ has 3 major objectives:
  1. Create awareness and advocate for the strengths/needs of South Stockton.
  2. Align long-term strategies and resources to improve South Stockton.
  3. Develop civic engagement structures that will provide South Stockton residents a voice in decision-making.

What are the boundaries of the SSPZ?

The promise zone concept is based on identifying a continuous geographic area that is the focus of long term strategy and alignment of resources. Here are the boundaries for the SSPZ boundaries:

- **North:** Harding
- **East:** Highway 99
- **South:** Arch Lane
- **West:** I-5 (on the south but excluding Weston Ranch and including Conway), Highway 4, Center Street (but including the Madison Neighborhood).

**Population:** 100,000 residents (1/3 of the City)
What is the history and background of the SSPZ?

In 2014 when the Reinvent South Stockton Coalition (RSSC) was founded by Councilmember Michael Tubbs, the alignment of long term strategies and resources to reinvent South Stockton over the next 20 years became a priority. In November of 2014, the City of Stockton and the RSSC applied but given that the city was not as vested in the implementation and the RSSC was still in the early stages of formation, the application was not successful. Nevertheless, the lessons learned from that application process, a number of projects of city staff and RSSC staff working together, the Grand Jury report, and the funding allocation of $100,000 to Policylink from the City Council in June of 2015 to help create and implement a promise zone plan for South Stockton created a stronger partnership and thus a stronger second application in February of 2016. Policylink helped us put together the feedback over several hundred participants into a cradle to career pipeline in November of 2015. In December of 2015, over 25 organizations voted to prioritize results and indicators. Now we’ve assembled 10 organizations and the city to be steering committee members and overall backbone to the promise zone and several initial partners to be mini-backbones in their areas of early literacy, violence prevention, quality and affordable housing, healthy lives, and transition to adulthood. Although we were not awarded the federal designation this year, we’re a finalist and there is still an opportunity for some support from the federal government next year. Our goal from the beginning was to have a working plan that we could share with the community. Thankfully we were able to share the plan on September 24, 2016 at the 2nd Annual South Stockton Resident Summit.

What is the governance of the SSPZ?

The SSPZ will govern by a steering committee led by the City of Stockton and the Reinvent South Stockton Coalition Steering Committee members (STAND, El Concilio, Visionary Homebuilders, Community Partnership for Families, St. Joseph’s Medical Center/Dignity Health, South Stockton Schools Initiative, Community Medical Centers, Fathers and Families of San Joaquin, Beyond Our Gates/University of the Pacific, San Joaquin Public Health Services, Housing Authority of San Joaquin, Data Co-Op). New members or dismissal of current members to the SSPZ will need to be decided and approved by current SSPZ steering committee members. Membership as a steering committee member will require involvement in the implementation of the SSPZ. Bylaws for decision making, membership of steering committee members, backbones, leads, and implementing partners will be decided by the existing steering committee in in 2017 at the latest.

What will be the meeting structure of the SSPZ be moving forward?

Steering Committee—The SSPZ Steering committee will meet on a quarterly basis. Backbones will meet on a monthly basis to update and discuss progress. Backbones will report out to larger steering committee during quarterly steering committee meeting.

Mini-Backbones—Beyond Our Gates/University of the Pacific will be the backbone for the early education result. Stockton Police Department, Office of Violence Prevention, and Fathers & Families of San Joaquin will be backbones for the violence prevention result. Visionary Homebuilders will be the backbone for quality and affordable housing. Healthier Community Coalition will be the backbone for the healthy lives result. For the time being, the South Stockton Schools Initiative will be the backbone for the transition to adulthood result. There is no backbone for economic development and employment because
**Community Meetings**—The SSPZ will host at least one community meeting quarterly to inform and update residents and stakeholders on progress of implementing the SSPZ. The summit in the fall will be the annual meeting to share with residents and stakeholders progress about progress and new directions of the SSPZ.

**Incorporation of Other Initiatives or Coalitions**—In order to align strategies and resources, we’ve worked with partners to incorporate their work that matches the results and indicators that we identified as priorities for the promise zone work. We’ve proceeded in this fashion to avoid replicating work or over extending partners. We’ve therefore incorporated meeting and discussing the promise zone work during the existing time that these coalitions and initiatives meet.

**South Stockton Promise Zone Director**—Hector Lara, who has served as the director for the South Stockton Coalition and has helped build the promise plan, will serve as its director and will be supervised by the Steering Committee. He will be tasked with continuing to build out the promise zone strategy and work with existing and new partners to bring this collective impact to South Stockton.

**What is the process we will use to implement and move the SSPZ plan forward?**

Now that we have a starting a plan with results, indicators to measure progress, data dashboard to share that progress, strategies, and implementing partners that serves as a starting point, we’ll continually update the plan as we move forward. The next step that Policylink has recommend to us is fully incorporate the results based accountability (RBA) framework. This means that we will focus on understanding better the existing strategies being implementing in the promise to understand how much work did they do, how well did they do, and what impact did it have on the appropriate indicator. This process will help us understand the efficiency of each strategy and identify priority strategies to continue implementing or that we should prioritize implementing in the future. We hope to update this information, as appropriate, on a quarterly basis via steering committee and community meetings.
South Stockton Promise Zone (SSPZ) Organizational Structure
Updated 9/23/16

SSPZ Steering Committee

City of Stockton / Reinvent South Stockton Coalition (STAND, El Concilio, Visionary Homebuilders, Community Partnership for Families, Dignity Health St. Joseph’s Medical Center, South Stockton Schools Initiative, Community Medical Centers, Fathers and Families of San Joaquin, Beyond Our Gates/University of the Pacific, San Joaquin Public Health Services, Housing Authority of San Joaquin, Data Co-Op.)

Coached by: Policylink

Goal 1: Create Awareness & Advocate for South Stockton

Goal 2: Align long term strategies and resources - South Stockton Promise Zone (SSPZ)
Backbone: RSSC (Hector) / City (Michael/Christian)

Goal 3: Develop Civic Engagement Structures

Result 1: Early Literacy
Backbone: Beyond Our Gates (Jennifer)

Result 2: Improve Safety
Backbone: SPD/ OVP (Patricia/Denise)

Result 2: Trust w/ Law Enforcement
Backbone: OVP/FFSJ/ SPD (Denise/Jagada/Patricia)

Result 3: Quality Housing
Backbone: VHB (Blake)

Result 4: Healthy lives
Backbone: Healthier Com. Coalition (Petra)

Result 5: Transition to Adulthood
Backbone: South Stockton Schools Initiative (Lange)

Indicator 1a: Increase Pre-School Enrollment
Indicator 1b: Increase 3rd Grade Reading Rates
Indicator 1c: Decrease Truancy Rates
Indicator 2a: Reduce violent crimes
Indicator 2b: Reduce Property crimes
Indicator 3a: Increase quality/affordable housing
Indicator 3b: Increase home-ownership rates
Indicator 3c: Homeless Housing Indicator (Year 2-3)
Indicator 4a: Decrease % 5th graders who are overweight
Indicator 4b: Decrease % who manage diabetes (Year 2-3)
Indicator 4c: Increase # students graduate high school
Indicator 5a: Increase # students graduate A-G
Indicator 5b: Increase # students with post degree certification (Year 2-3)
Indicator 5c: # of youth out of school employed (Year 2-3)

Outcome: Data Coordination of all Results & Indicators

Backbone: Data Co-Op (Missy), Except health, that will be HIE

Strategies Being Implemented to Increase the # & % of 3 and 4-year-old enrolled in preschool in the SSPZ. (This is a living list of strategies that will be updated as necessary and is not a complete list. If you want to be included, please contact the Backbone partner).

**Indicator Backbone:** Beyond Our Gates/University of Pacific  
**Indicator Lead:** Beyond Our Gates/University of Pacific

**Individuals/Families/Community:**
- Parents and caregivers can research and identify possible pre-school options for their children in their South Stockton neighborhood.

**Programs:**
- Ensure 100% utilization of preschool slots in the SSPZ.
- Early Head Start Programs (Community Action Partnership of Kern/San Joaquin County Early Head Start)
- Educational Child Care Options (Creative Child Care)
- School Readiness Program (Stockton Unified School District)
- Head Start (County Office of Education)
- Help Me Grow Program & Child Care Programs (Family Resource & Referral)
- Child Care Initiative Project (Family Resource & Referral)
- Parent Café (Child Abuse Prevention Council)
- Child Care/Preschool programs (Child Abuse Prevention Council)
- Advice Line (Child Abuse Prevention Council)
- Parent Coaching & Family Strengthening (Child Abuse Prevention Council)
- Preschool and Migrant preschool programs & expansion of programs with new sites at St. Georges and Casa de Esperanza (El Concilio)

**Local Policies:**
- Increase funding to expand the # of slots in the SSPZ.
- Support the development of the children’s fund promoted by the Children’s Alliance of San Joaquin.
- Support the expansion of new local sites.

**State Policies:**
- Increase stat funding to expand the # of slots in the SSPZ.

**Federal Policies:**
- 

**System Changes:**
- Increase the adoption and utilization of preschool best practices in other child care and other “school readiness” settings.

1 Aligns with Beyond Our Gates indicator on 3rd grade reading level and with My Brother’s Keeper Milestone 2.
South Stockton Promise Zone (SSPZ) Individual Result and Indicator

Early Literacy/Indicator 1c: Truancy Rate

Updated 9/23/16

Result 1: Early Literacy
Students enter kindergarten ready to learn and are proficient in core academic subjects.

Indicator 1c:
# and % of students in Stockton Unified schools (elementary, high school, and overall) being truant in the SSPZ.

2015 Baseline Measurement:
48.5 % is the overall average of truancy rate in Stockton Unified Schools in the SSPZ.
43.6 % is the overall average of truancy rate in Stockton Unified Elementary Schools in the SSPZ.
53.4 % is the overall average of truancy rate in Stockton Unified High Schools in the SSPZ.

Description of Data: Children who are absent for 10 percent or more of the school year - that's about 18 days - for any reason.

*Data Provided by UOP/Beyond Our Gates: CA Dept. of Education

Elem. School | Truancy %
---|---
Fillmore | 44.6
Fremont | 46.92
Hamilton | 45.53
Hazelton | 53.5

**2015 Baseline Measurement:**

88.1% is the average # of high school students who graduate from Stockton Unified high schools in the SSPZ.

**Description of Data:**
We've chosen to calculate Promise Zone graduation and college readiness rates through analyzing total graduate numbers as a whole (2014-15). By analyzing aggregate graduate numbers rather than averaging the individual school rates, this data gives the most holistic sense of how children are preparing for college and career in Promise Zone feeder schools.

**2015 Baseline Measurement:** **36.1 %** is the average # of high school students who graduate from a Stockton Unified high school in the SSPZ with UC/CSU required courses.

**Description of Data:** We've chosen to calculate Promise Zone graduation and college readiness rates through analyzing total graduate numbers as a whole (2014-15). By analyzing aggregate graduate numbers rather than averaging the individual school rates, this data gives the most holistic sense of how children are preparing for college and career in Promise Zone feeder schools.

*A Data Provided by CA Dept. of Education*

**Strategies Being Implemented to Increase the high school graduation rate in the SSPZ.** *(This is a living list of strategies that will be updated as necessary and is not a complete list. If you want to be included, please contact the Backbone partner).*

**Indicator Backbone:** South Stockton Schools Initiative  
**Indicator Lead:** South Stockton Schools Initiative

**Individuals/Families/Community:**
- Mentorship & leadership
- Participation in faith-based and NGO programs (like My Brother’s Keeper)

**Programs:**
- SSSI, SSLA, and SEEC - direct A-G information dissemination
- Parent Ambassadors Program
- SUSD - Parent Academies

**Local Policies:**
- Implement LCAP State Priority 4c in LCAP - SUSD has agreed to increase the percentage of students completing A-G requirements from 33% to 44% (making it a 10% increase).
- Advocate for A-G Graduation Requirements as high school graduation (SSSI)

**State Policies:**
- 

**Federal Policies:**
- 

**System Changes:**
- Improve the implementation and completion of A-G for students through LCAP:
  - Increasing counseling service days for each K-8 school
  - Restoring Guidance Counseling Services at the comprehensive and small high schools
  - Expanding STEM and Career Technical Education (CTE) related programs, such as AVID, PLTW and MESA
  - Provide students with career exploration opportunities
  - Develop the Stockton Public Safety Academy
