

February 27, 2020

To: All Health Care Facility Administrators and Staff in San Joaquin County

From: San Joaquin County Interim Public Health Officer

Subject: Health Officer Order for Influenza Vaccination or Masking of all Health-Care Workers (HCW) during the flu season

Dear Colleague,

Due to a current shortage of masks, and in an effort to decrease usage of surgical masks, the current order for mandatory influenza vaccination or masking is hereby rescinded for the remainder of the 2019-2020 influenza season.

Please contact me with any questions you may have. Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Maggie Park".

Maggie Park, MD
