COVID-19 MONOCLONAL ANTIBODY TREATMENT

Information

San Joaquin County Clinics provides Monoclonal Antibody Therapy to patients 12 years and older, with mild-to-moderate COVID-19 who meet FDA’s Emergency Use Authorization criteria. This treatment is for people with COVID-19 or recently exposed to someone with COVID-19. Treatment can lower the virus in your body, reduce symptoms, and help avoid hospitalization.

Get tested right away…. treatment works best soon after COVID-19 symptoms begin.

You must meet 3 of these criteria:

1. Positive COVID-19 test
2. Mild to moderate COVID-19 symptoms for 10 days or less
3. Age 12 years or older
4. High risk for severe COVID-19 illness; pregnancy, underlying health conditions, diabetes, obesity, kidney disease, weak immune system (cancer)

Treatment is FREE.

Physician or self referral accepted.

Call your provider right away if you test positive for COVID-19, to see if you are eligible for treatment and for help finding a treatment site.

Call 209-468-6820 to schedule an appointment.
